

CodeRED from OnSolve

Mass Notification Solutions for Every Government Agency

Vendors for mass notification solutions come a dime a dozen. The difficulty lies in narrowing down the provider that will meet the reliability, experience and support that your agency deserves.

ASK YOURSELF:

- What are my current mass notification capabilities?
- Do I have an easy and reliable way to reach my residents and stakeholders during a widespread emergency?
- Can I fully rely on my current notification capabilities to quickly reach individuals in harm's way?

CodeRED from OnSolve has you covered. We are the leading mass notification solution for government agencies of any size and scope. From natural disasters like tornados, flooding and wildfires to manmade threats like active shooters and terrorism, our clients have used our notification software for every type of emergency. Our company has provided these solutions since 1998 and has been used by thousands of agencies across North America.

HERE ARE SOME OF OUR FEATURES THAT STAND OUT:

- Mobile strategy. The CodeRED Launcher and CodeRED Mobile Alert app connect agencies with area residents and visitors.
- Multimodal communications. Send alerts through a variety of channels including voice, text, email, mobile app and more.
- Targeted notifications. You can deliver time-sensitive data directly to specific lists, groups or areas directly impacted by an emergency.
- 24/7/365 support. Our team is always available to offer assistance and support. Call anytime!
- Experience. Our team has the proven experience and reliability you know you can depend on.
